Mailfinisher 4350

Cabinet systems available to accommodate HP (and other makes) with additional paper trays.

Interchangeable drums for multiple form sizes and fold settings. Drums can be changed in a matter of seconds.

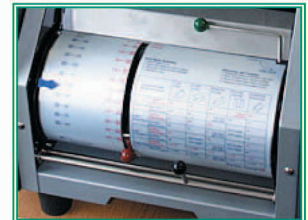

Swift • Sophisticated Smart • & Quiet

Specifications:

Processing Speed	dependant on laser throughput speed (LJ4350 55ppm)
Monthly Duty Cycle	75,000
Feeder Capacity	dependant on number of paper trays in printer
Form Size	letter, legal
Fold Configurations	=Z, ≠Z, letter and legal C, V & double fold (available optional drum)
Fold Plate Adjustment	manually adjusted in seconds
Paper Weights	16 lb to 100 lb
Counter	digital batch counter / total count
Miss-feed Prevention	bypass system for incorrect or double feed from printer
Size	L 22.75 in x W 15.75 in x H 15 in
Weight	93 lbs
Power	120V/60Hz
Noise Level	50dB approx
Options & Accessories	cabinet with storage
Laser Compatibility	HP LJ4200, LJ4300, LJ4250, LJ4350 and most printers with rear-exit paper paths

An integrated imaging system detects doubles or any forms that are not recognized and directs them to the bypass tray. Calibration is set automatically by the first form.

Revolutionary folding unit is simple to set. A manual feed slot is provided to allow processing of single forms

Digital reset counter is standard
